

SUPERINTENDENT OF PUBLIC INSTRUCTION

Randy I. Dorn Old Capitol Building · PO BOX 47200 · Olympia, WA 98504-7200 · <http://www.k12.wa.us>

June 7, 2016

Dear Chris,

Congratulations! The Office of Superintendent of Public Instruction (OSPI) and Association of the Educational Service District (AESD) are pleased to inform you that you have been accepted as a Washington State Fellow for the 2016-2017 school year.

We received a strong response from candidates across the state. Your Fellows cohort is a state-wide effort to build teacher leadership and a foundation of knowledge and skills to support instructional shifts necessary to help all students in Washington State be career and college ready.

Please note the following events which are intended to help you develop a deep understanding of high-leverage practices for implementation of the CCSS and to support your professional learning in your leadership role as a Fellow within your school and/or district.

Informative Webinar:

September 13, 2016 (4:00-5:00pm)

This webinar will give an overview of the initiative and answer any questions you might have regarding the Fellows Network goals and expectations. Login information will be sent via email in early September. **District Administrators and/or school principals are required to attend.**

Regional Meetings:

Each ESD will support the Fellows through a series of regional meetings.

Meeting #1	September 27, 2016
Meeting #2	December 1, 2016
Meeting #3	February 7, 2017
Meeting #4	April 20, 2017

As outlined in the Fellows application and assurances, you should be working closely with your principal or district administration to develop and monitor a plan for your leadership as a Fellow. If your work will be primarily school level, this collaboration should be with your principal; if your work is primarily district level work, collaboration should be with a central office administrator. Please share this letter with your principal or district administrator who will be collaborating with you on your Fellows work this year.

If you have any questions, please contact Amanda Baumgartner, ESD 123 Regional Math Coordinator or Anne Gallagher, OSPI Director of Mathematics.

Sincerely,

Anne Gallagher
