Thank you Scott for teaching our 15 year old son Nick drivers education. I was so glad to learn that Scott was offering drivers education in Asotin/Clarkston area. Scott is an experienced, reputable and professional drivers education instructor. The price was affordable and the length of training time fit our summer schedule. Scott was very accommodating with Nick's sports schedule by offering classes on Sundays. The driver's education system has developed electronically which allows the parents to have the controls of scheduling driving time with Scott. Scott is very open, informative and available to parents questions or concerns about drivers education training. Once again the Rogers family would like to thank Scott for offering his services to the community to teach the next generation the rules of the road.

Thank you
Anthony and Tiffany Rogers (Parents)

Scott makes drivers ed fun and easy to understand. When we drive we don't feel stressed out, and Scott patiently corrects us if he needs to.

Thank you Scott

AC driving school is the best in the LC valley. The instructor, Scott Wohl is great. He is organized, punctual, understanding, and above all able to relate to the teens. Scott teaches in the classroom and behind the wheel. Ac driving school comes highly recommended by myself and my student driver.

Jody Ball (Parent)

Scott is so cool and funny. He makes learning about driving fun and interesting. Scott is understanding of our mistakes. If you have a choice take Scott's class at AC Driving School
